about Mekz

Mekz is a privately owned, UK-based company with its headquarters in Slough and several local offices in Africa (Dakar, Abidjan, Douala and Kinshasa). With 8 languages spoken fluently within the company, we are proud to be a global enterprise.

Over the past 20 years, Mekz has evolved with the needs of Africa and offers a complete suite of tailor-made business solutions with the aim of replacing mass imported products with sustainable, competitive and profitable local production.

At Mekz, we also work in collaboration with world-class market leaders with experience and expertise within their individual market segments. Mekz, along with their partners, can offer high quality, proven products and solutions that are reliable, consistent and competitively priced.

'We export to 32 countries in Africa'

- Export area
- Local office and stocklist
- Local representation

Our trusted partners...

Bericap is a global manufacturer of plastic closures with 22 factories in 19 countries across the world. With on-going projects in several countries in Asia and the Middle East, and a network of licensees and partners, Bericap is dedicated to supplying similar, high-quality products to all of its global clients.

Based in Plymouth, Michigan, Plastipak Packaging is a global leader in the science of flexible packaging and barrier technology. With 26 plants on 3 continents, Plastipak's manufacturing competencies offer consumers the very latest in packaging design, labelling, filling and delivery.

Since its creation in Germany, more than 15 years ago, SMF has offered high-quality, efficient PET blowing machines: such as air conveyors, bottle unscramblers and stretch blow moulding machines. SMF is constantly striving for the technological advancement and improvement of their blow moulding machines.
